

INVITATION TO PROFESSORS AT UNIVERSITIES IN THE NETHERLANDS

Nomination of candidates for a Niels Stensen Fellowship

Dear Professor,

We are pleased to invite you to nominate candidates for a 2019 Niels Stensen Fellowship.

The Niels Stensen Fellowship Committee supports young postdoctoral researchers with outstanding research and knowledge transfer skills and a high level of social responsibility. We welcome academics from all disciplines. You can see the [profiles of last year's fellows](#) on our website.

The fellowship enables talented researchers to gain experience at a university or institute outside the Netherlands. It will finance the costs of travel, accommodation and living expenses incurred abroad.

Every candidate is required to be nominated by two professors at Dutch universities or research institutes. If you would like to nominate a candidate, please send us a letter of recommendation **before 1 May 2019**. Further details of [the application procedure](#) can be found on our website.

CRITERIA FOR CANDIDATES

Candidates should meet the following criteria:

- They received or will receive their Ph.D. from a Dutch university in the period 15 June 2018 to 15 June 2020 (final approval of their thesis must be granted no later than 31 December 2019).
- Candidates must be socially committed and must demonstrate this in a paper that describes how their research relates to society.
- Their research must be carried out at a reputable university or institute abroad, where the candidate has not conducted research or studied before.
- Their research project is to start between 1 January 2020 and 1 September 2020.

For further details, please refer to [our website](#).

If you have any questions, feel free to email our secretariat at info@nielsstensenfellowship.nl.

We are looking forward to receiving your nomination.

Kind regards,

Niels Stensen Fellowship Committee

Prof.dr D.C. van den Boom, Chair
